Heat Waves in Seville Will Be Named and Ranked like Hurricanes

The Spanish city is the first to undertake such a scheme in an effort to better warn residents of the health threats from heat

BY CHELSEA HARVEY & E&E NEWS

Naming and Ranking Heat Waves

Spain

Like other regions do tropical storms and hurricanes at COP26, Mayor Daniella Levine, Cava announced that from 2022, Miami, will establish an annual “heat season” that will run from May until October 31.
