

Evaporative Swamp Cooler Buying Guide (2023)

Evaporative coolers offer an eco-friendly and cost-effective way to cool indoor and outdoor spaces. They're commonly used in garages, outdoor patios, covered porches, warehouses and entertainment or eating spaces. Consider these topics before purchasing one:

Evaporative Coolers

Australia

Also known as swamp coolers, they work by passing hot, dry air through a wet medium, resulting in the evaporation of water and the cooling of the air.
